RE: Hazardous Waste Compliance Inspection – April 7 and 8, 2009; Ringside MFG, 14865 West 105th Street, Johnson County, Lenexa, EPA Identification Number: KSR 000 014 910

Dear Mr. Travis:

I received your letter dated June 12, 2009, documenting the actions taken to correct the outstanding violations cited on the Notice of Non-Compliance (NON-C) issued at the close of the referenced hazardous waste compliance inspection. Based on the information in your letter, the violations cited as a result of the inspection are considered corrected.

Please be aware that a report of the inspection is submitted to the Bureau of Waste Management (BWM) in Topeka for review. Each report is reviewed and an evaluation made to determine if additional enforcement is warranted. A penalty may be issued by BWM for violations identified during the investigation.

Your cooperation with the waste management program is appreciated. If you have any questions regarding the inspection or the above information, please call me at 620/431-2390.

Sincerely,

Victoria S. O'Brien, CHMM
Environmental Scientist II
Bureau of Environmental Field Services
